

DELEGATION EMPOWERMENT & ACCOUNTABILITY

This session provides leaders with a highly-effective structure to help them master this most basic, yet often poorly executed, leadership communication.

We help managers understand how to more effectively assign work and also how to maintain accountability and maximize the engagement that the best Leaders work so hard to cultivate in their employee interactions. When employees are clear about expectations, feel included, supported, and challenged in their work, good things happen.

WHAT YOU WILL LEARN

Mindsets:

- Responsibility and Opportunity
- Your Involvement

Skillsets:

- Effective Delegation Conversation
 - Prepare
 - Discuss
 - Follow-up

HOW YOU WILL LEARN

- Practice Skills for Delegation with Your Team
- Provide and Receive Feedback
- Practice New Skill Formation

PROGRAM IMPACT

- Learn to communicate clear goals that ensure alignment, commitment, and ownership.
- Track progress to ensure forward movement, continued buy-in, and learning.
- Learn how to conduct milestone meetings in a way that ensures forward movement, continued buy-in, and learning.
- Learn to delegate more effectively to scale your business and staff.

“This session was very valuable as a lesson in self-reflection and how small things can make a big impact. I will be more mindful of my behaviors and how others read them.”
